NOTICE.

No. 1767.—A competitive examination for entry to (1) the 'Technical Arms' wing, and (2) the 'Cavalry and Infantry' wing of the Indian Military Academy, Dehra Dun, in the term beginning on or about the 15th August 1941; and (3) the Royal Indian Navy will be held in Delhi on Wednesday, the 26th March, 1941, and subsequent days. The examination will be conducted by the Federal Public Service Commission.

2. The examination will be a combined one for the purpose of filling vacancies in (1) the 'Technical Arms' wing and (2) the 'Cavalry and Infantry' wing of the Indian Military Academy and (3) the Royal Indian Navy. A candidate may apply to be admitted to the examination for all or any of the above. If he wishes to be admitted as a candidate for more than one, he should state this on his application form. Separate applications are not required. He will be required to pay the application fee once only, and, in the case of the Royal Indian Navy, examination fee also once only.* If he proves successful as a candidate for more than one, he will ordinarily be assigned to the one for which he expressed a preference in his application; but the Government of India reserve power to assign him to any one.

3. At this examination between 31 and 33 vacancies will be offered for entry to the Indian Military Academy. Of these it is anticipated that 9 vacancies will be offered for entry into the 'Technical Arms' wing and the rest for the 'Cavalry and Infantry' wing. The Governor General in Council, however, reserves to himself the right to fill three vacancies (to be varied between the two wings on the recommendation of the Commander-in-Chief after each examination) by nomination from among those who have qualified but failed to obtain sufficient marks to secure one of the other vacancies. Two vacancies will be offered for admission to the Executive Branch of the Royal Indian Navy.

4. The examination for each wing of the Indian Military Academy will be separate and if an insufficient number of candidates qualify for the 'Technical Arms' wing the vacancies for the 'Cavalry and Infantry' wing will not be proportionately increased.

5. During the course at the Indian Military Academy transfers from the 'Technical Arms' wing to the 'Cavalry and Infantry' wing will be permitted as the exigencies of the service demand. Cadets of the Technical wing will be posted to the arm of their choice according to their place on the final passing out list, but if their position on the list is not high enough to secure them a commission in the arm they prefer, they will be offered one in either of the other two technical arms.

6. As a war-time measure, it has been decided that cadets, who enter either wing of the Indian Military Academy by reason of their success at this or at subsequent examinations during the war, will, on satisfactory completion of the course, be granted emergency commissions in His Majesty's Indian Land Forces. As no definite guarantee can be given to parents or guardians that these emergency commissions will be confirmed as permanent commissions after the war, the Government of India have decided that:—

(*i*) no fees either for the examination or for the course at the Indian Military Academy shall be payable;

(*ii*) cadets will be treated in the same way as 'Army' cadets for the purposes of pay, travelling and medical arrangements, provision of free clothing, uniform, equipment, etc.

7. Candidates for admission to the Indian Military Academy must have been born not earlier than the 2nd May 1921 and not later than the 1st May 1923. Candidates for the Royal Indian Navy examination must have been born not earlier than the 2nd October 1921 and not later than the 1st October 1923. These age limits can in no case be relaxed.

8. A candidate who desires to appear at the examination is required to submit to the Federal Public Service Commission his application in the prescribed form with the necessary documents in accordance with the instructions given in the Instructions to Candidates regarding the filling up and submission of applications. Applications must reach the Collector or Deputy Commissioner or the Political Officer or Resident or the Principal, Prince of Wales's Royal Indian Military College, Dehra Dun, on or before the 6th January 1941. Copies of the Rules and the Application Form, etc., may be obtained from the Provincial Government, Administration or Durbar concerned. (In the case of the Punjab copies of Rules, etc., are obtainable from the Secretary, The Punjab and N.-W. F. P. Joint Public Service Commission, Lahore.)

THE FACT THAT AN APPLICATION FORM HAS BEEN SUPPLIED, ON WHATEVER DATE, WILL NOT BE ACCEPTED AS AN EXCUSE FOR THE LATE SUBMISSION OF AN APPLICATION. CANDIDATES WHO DELAY THEIR REQUESTS FOR FORMS UNTIL A LATE DATE WILL DO SO AT THEIR OWN RISK.

Note 1.—If any candidate has appeared at the examination held in October 1940, for

entry to the Indian Military Academy, and/ or the Royal Indian Navy, and, not being successful thereat, wishes to appear at the examination to be held in March/April 1941, he must submit his application by the prescribed date without waiting for the results of the former examination. If two sides of a triangle are unequal the greater side has the greater angle opposite to it; and the converse.

Any two sides of a triangle are together greater than the third.

Of all straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.

When a straight line cuts two other straight lines, if—

(1) a pair of alternate angles are equal, or

If two right-angled triangles have their hypotenuses equal and one other side of the one equal to one other side of the other, the triangles are congruent.

The opposite sides and angles of a parallelogram are equal, each diagonal bisects the parallelogram; and the diagonals bisect one another.

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly, on the 5th November, 1940:—

L. A. BILL NO. 34 OF 1940.

A Bill further to amend the Indian Navy (Discipline) Act, 1934, for certain purposes.

WHEREAS it is expedient further to amend the Indian Navy (Discipline) Act, 1934, for the purposes hereinafter appearing; (XXXIV of 1934.)

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Indian Navy (Discipline) Amendment Act, 1940.

---

*The Governor General has been pleased to give the previous sanction required by section 108 (1) (c) read with section 313 (4) (a) of the Government of India Act, 1935, to the introduction in the Legislative Assembly of this Bill.

Amendment of First Schedule to Act XXXIV of 1934.

2. In the Naval Discipline Act as set out in the First Schedule to the Indian Navy (Discipline) Act, 1934,— XXXIV of 1934.

(*a*) to the first paragraph of section 45 the following shall be added, namely:—

"or, except in the case of an offence punishable under the said section 302 or 377, with such other punishment as is hereinafter mentioned";

and

(*b*) in section 55, for the words "corporal punishment shall be deemed equal in degree to imprisonment, and" the following shall be substituted, namely:—

"transportation shall be deemed equal in degree to penal servitude, and corporal punishment shall be deemed equal in degree to imprisonment and".

STATEMENT OF OBJECTS AND REASONS.

The U. K. Naval Discipline Act provides for the imposition of purely naval punishments, such as the deprivation of good conduct badges, cell punishment, etc., for various offences for which imprisonment or fine may not be altogether suitable. Section 45 of the Indian Navy (Discipline) Act, 1934, however, renders the imposition of such punishments illegal. It is accordingly proposed to amend that section so as to make legal the imposition of minor punishments according to the customs of the Navy. The amendment to section 55 of the Act is of a formal character.

"have a connection in the course of trade with a person with whom they have not any such connection".

STATEMENT OF OBJECTS AND REASONS.

The Indian Merchandise Marks Act, which was enacted in 1889, is directed to the suppression of false marking on goods and does not require a positive statement of their actual origin, except in the case of goods which bears false or misleading indication. Marking of the country of origin is thus not generally compulsory under the Act. Since the passing of this Act, there has been no substantial modification of it, while there has been a large increase of imports and a very substantial development of industries in India. Public opinion has, therefore, been pressing for amendment of the law, chiefly, in two directions.

In the first place, it was suggested that a provision to make the marking of the country of origin on foreign goods imported into British India, whether from the United Kingdom or elsewhere, compulsory had become necessary. A direct statutory provision requiring such marking on all imported goods will, it is apprehended, create almost insuperable administrative difficulties and cause considerable inconvenience to the public. The Bill, therefore, seeks to provide for the marking of the country of origin in all necessary cases by vesting power with the Central Government to require, by notification, any class of goods to be marked with the country of origin. In the second place, the law relating to marking was found to require tightening and it has, therefore, been proposed that the name of the manufacturer or wholesale merchant should be stamped on cotton piece-goods. A similar provision is also proposed in regard to imported cotton yarn as well as cotton yarn made in Indian factories. The occasion has also been utilised to bring the definition of "trade mark" in this Act and in the Indian Penal Code into line with the corresponding definition in the Trade Marks Act which was recently passed into law by this Legislature.

The proposals in the Bill are explained in the notes on clauses below.

A. RAMASWAMI MUDALIAR.

The 16th October, 1940.

NOTES ON CLAUSES.

Clause 2.—The expression "mark" has not been defined in the Act and the clause provides for such definition.

The definition of "trade mark" in the Act which is based on the United Kingdom Merchandise Marks Act has given rise to certain anomalies by placing foreign trade marks in a more favourable position than Indian marks, as they get protection under the Indian Penal Code, if registered though not in use, while Indian trade marks in use only are so protected. The clause provides for definition of "trade mark" which is based on the definition of this expression in the Trade Marks Act, 1940. The new definition confines itself to trade marks which are used in British India and trade marks which might be registered under the Indian Trade Marks Act. It is also considered that the definition of the expression "trade mark" should properly correspond with that in the relevant Indian legislation on trade marks, namely, the Trade Marks Act, 1940, rather than with the definition in the United Kingdom Act.

Clause 3.—Sub-clause (*a*) provides for amendments which are consequential to the definition of "mark" proposed under clause 2.

Sub-clause (*b*) provides for a new element helping to constitute a "false name or initials", namely, the name or initials of a fictitious person or of a person not carrying on business in connection with goods. The addition of this element will penalize the use of imaginary names, not being a trade mark, so that buyers may not be led to believe that the goods are manufactured by a firm when no such firm exists.

Clause 4.—This clause amends section 7 of the Act so as to provide a penalty for failure to comply with the requirements which might be imposed under the proposed new section 12A of the Act.

Clause 5.—This clause provides a penalty for tampering with, altering or effacing a mark applied in pursuance of the requirements which might be imposed under the new section 12A of the Act, namely, to mark goods with their place of origin.

Clause 6.—This clause makes in section 9 of the Act the necessary addition to enable goods, in respect of which the new offence created by the proposed section 12A, read with section 7 as now amended, has been committed, to be forfeited.

Clause 7.—Section 12 of the Act prohibits the removal of piece-goods manufactured in British India from the premises of the factory without having stamped on each piece the length thereof. Sub-section (*1*) of the proposed new section 12 provides that in addition to the stamping of the length on each piece the name of the manufacturer or of the wholesale purchaser should also be marked on it. Sub-section (*2*) thereof

extends the above marking requirements to cotton yarn manufactured in British India by providing for the compulsory marking on each bundle of yarn of the name of the manufacturer or of the wholesale purchaser, the weight of the bundle and the count of yarn contained in the bundle. Sub-section (*3*) thereof provides a penalty for non-compliance with the requirements about marking proposed under sub-sections (*1*) and (*2*) of the new section 12 of the Act.

Clause 8.—This clause provides for the chief object of this amending Bill, namely, power to require that goods shall be marked with the country of origin. It proposes that certain goods (except 'transit' goods), whether Indian or foreign, and which may be specified by notification by the Central Government, should have applied to them marks of origin, and that such notification shall be issued after enquiry by the Central Government either on its initiative or on consideration of an application from the interests concerned. Most of the commercial bodies in India are in favour of compulsory marking of origin on all foreign goods imported into British India, but the method proposed is designed both to make the marking requirement capable of being enforced efficiently through the administrative machinery available and to extend it at the same time to all cases where such marking is proved to be necessary and in the interests of the public.

Clause 9.—This clause provides for the making of rules by the Central Government for the purposes of administering the provisions of clause 7.

Clause 10 (a) (i).—Under the existing law United Kingdom merchants are not obliged as are other foreign merchants to mark on their goods the country of origin. This exemption to United Kingdom merchants is now proposed to be removed. Again non-United Kingdom goods, if they had applied on them the name or trade mark of an United Kingdom merchant, were obliged to show the country of origin. This is now limited to the application on foreign goods, including United Kingdom goods, of a name or trade mark of a British Indian merchant.

Clause 10 (a) (ii).—The indication of the country of origin is now required to be in the English language in order to facilitate its easy identification.

Sub-clauses (b) and (c)—provide for the necessary amendments in section 18 of the Sea Customs Act, consequent upon the amendments proposed in clauses 7 and 8 and relate to prohibition and restriction of importation and exportation of cotton piece-goods and yarn which are not marked as required under the amended section 12 and of goods notified under the new section 12A which are without an indication of the country of origin.

Clause 11 (a).—To prevent any possible misapprehension on the part of the consumer, sub-section (*3*) of section 19A of the Sea Customs Act, 1878, as it stands provides for a clear indication of the country of origin in cases where goods (other than those from the United Kingdom or British India) bore a name of a place similar to one in the United Kingdom or British India. This provision is now proposed to be extended where such names are those of places in Indian States also.

Clause 11 (b).—*Vide* notes under clause 10 (*a*) (*ii*).

Clause 12.—The clause provides for the purposes of the Indian Penal Code a new definition of "trade mark" which is based on the definition in the Trade Marks Act, 1940 (*vide* also notes under clause 2). A trade mark as now defined includes a trade mark registered under the Trade Marks Act, 1940, and any mark which has become a trade mark by usage.

Clause 13.—The clause provides for an amendment consequent upon the amendment by clause 12 of section 478 of the Indian Penal Code.

(*2*) The liquidator shall, when making any payment referred to in sub-section (*1*), furnish to such officer as the Central Government may appoint in this behalf a statement in the prescribed form setting forth in respect of all sums included in such payment the nature of the sums, the names and last known addresses of the persons entitled to participate therein, the amount to which each is entitled and the nature of his claim thereto, and such other particulars as may be prescribed.

(*3*) The receipt of the Reserve Bank of India for any money paid to it under sub-section (*1*) shall be an effectual discharge of the liquidator in respect thereof.

(*4*) Where the company is being wound up by the Court, the liquidator shall make the payments referred to in sub-section (*1*) by transfer from the special banking account referred to in sub-section (*3*) of section 244A, and where the company is wound up voluntarily, or subject to the supervision of the Court, the liquidator shall, when filing a statement in pursuance of sub-section (*1*) of section 244, indicate the sum of money which is payable to the Reserve Bank of India under sub-section (*1*) which he has had in his hands or under his control during the six months preceding the date to which the said statement is brought down, and shall, within fourteen days of the date of filing the said statement, pay that sum into the Companies Liquidation Account.

(5) Any person claiming to be entitled to any money paid into the Companies Liquidation Account in pursuance of this section may apply to the Court for an order for payment thereof, and the Court, if satisfied that the person claiming is entitled, may make an order for the payment to that person of the sum due:

Provided that before making such order the Court shall cause a notice to be served on such officer as the Central Government may appoint in this behalf calling on the officer to show cause within one month from the date of the service of the notice why the order should not be made.

(6) Any money paid into the Companies Liquidation Account in pursuance of this section, which remains unclaimed thereafter for a period of fifteen years, shall be transferred to the general revenue account of the Central Government; but any claim preferred under sub-section (5) to any money so transferred shall be allowable as if such transfer had not been made, the order for payment on such claim being treated as an order for refund of revenue.

(7) Any liquidator retaining any money which should have been paid by him into the Companies Liquidation Account under this section shall pay interest on the amount retained at the rate of twenty per cent. per annum and shall also be liable to pay any expenses occasioned by reason of his default, and, where the winding up is by or under the supervision of the Court, he shall also be liable to disallowance of all or such part of his remuneration as the Court may think just and to be removed from his office by the Court.

(8) Nothing in this section shall apply in relation to companies with objects confined to a single Province which are not trading corporations."

STATEMENT OF OBJECTS AND REASONS.

The Indian Companies Act, 1913 (VII of 1913), does not contain provisions for the custody of unclaimed dividends and undistributed assets of companies in liquidation or for the disposal of subsequent lawful claims to such moneys and, in the absence of such provisions, there has been considerable diversity of opinion as to the law applicable to these matters in British India. The question of rectifying this unsatisfactory position has been considered by the Government of India in consultation with the Provincial Governments, the Chief Commissioners and the High Courts, and opinion is unanimous that the legal position in this respect should be remedied by legislation. The present Bill is designed to achieve this object, and follows generally the lines of the English Companies Act, 1929 (sections 285 and 300), and the relevant provisions of the English Companies (Winding-up) Rules, 1929 (rules 196 to 201), with such modifications as are suited to Indian conditions.

The following Bill* was introduced in the Legislative Assembly, on the 5th November, 1940:—

L. A. BILL No. 40 OF 1940.

A Bill further to amend the Reserve Bank of India Act, 1934.

WHEREAS it is expedient further to amend the Reserve Bank of India Act, 1934, for the purpose hereinafter appearing; II of 1934.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Reserve Bank of India (Third Amendment) Act, 1940.

Amendment of section 42, Act II of 1934.

2. After sub-section (*3*) of section 42 of the Reserve Bank of India Act, 1934, the following sub-section shall be inserted, namely:— II of 1934.

'(*3A*) When under the provisions of sub-section (*3*) penal interest at the increased rate of five per cent. above the bank rate has become payable by a scheduled bank, if thereafter on the day fixed for the next return the balance held at the Bank is still below the prescribed minimum as disclosed by this return,—

(*a*) every director and any managing agent, manager or secretary of the scheduled bank, who is knowingly and wilfully a party to the default, shall be punishable with fine which may extend to five hundred rupees and with a further fine which may extend to five hundred rupees for each subsequent day on which the default continues, and

(*b*) the Bank may prohibit the scheduled bank from receiving after the said day any fresh deposit,

and, if default is made by the scheduled bank in complying with the prohibition referred to in clause (*b*), every director and officer of the scheduled bank who is knowingly and wilfully a party to such default or who through negligence or otherwise contributes to such default shall in respect of each such default be punishable with fine which may extend to five hundred rupees and with a further fine which may extend to five hundred rupees for each day after the first on which a deposit received in contravention of such prohibition is retained by the scheduled bank.

Explanation.—In this sub-section "officer" includes a managing agent, manager, secretary, branch manager, and branch secretary.'

---

*The Governor General has been pleased to give the previous sanction required by section 153 of the Government of India Act, 1935, to the introduction in the Legislative Assembly of this Bill.

STATEMENT OF OBJECTS AND REASONS.

Under section 42 of the Reserve Bank of India Act, a scheduled bank is required to maintain daily with the Reserve Bank a minimum balance equal to 5 per cent. of its demand liabilities and 2 per cent. of its time liabilities, and in case of default the Reserve Bank is entitled to charge interest at penal rates on the amount of default. There is no provision, however, in the Act to prevent the bank from withdrawing its deposit, even up to the full amount, provided it is prepared to accept the liability to pay this penal interest on the resulting deficiency. Cases of such withdrawal have been brought to notice by the Central Board of the Reserve Bank, who have recommended, in the interest of depositors and of sound banking in general, legislation to penalise directors and other officers of such banks who are knowingly and wilfully parties to such default. The Bill prescribes a suitable penalty and gives powers to the Reserve Bank to prohibit defaulting banks from accepting fresh deposits during the continuation of the default.

The following Bill* was introduced in the Legislative Assembly, on the 5th November, 1940:—

L. A. BILL No. 41 OF 1940.

A Bill further to amend the Motor Spirit (Duties) Act, 1917.

WHEREAS it is expedient further to amend the Motor Spirit (Duties) Act, 1917, for the purpose hereinafter appearing; (II of 1917.)

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Motor Spirit (Duties) Amendment Act, 1940.

Amendment of section 2, Act II of 1917

2. In section 2 of the Motor Spirit (Duties) Act, 1917, (II of 1917.) for the definition of motor spirit the following shall be substituted, namely:—

' "Motor spirit" means—

(*a*) any inflammable hydrocarbon (including any mixture of hydrocarbons or any liquid containing hydrocarbons) which is capable of being used for providing reasonably efficient motive power for any form of motor vehicle, and

(*b*) power alcohol, that is ethyl alcohol of any grade (including such alcohol when denatured or otherwise treated) which, either by itself or in admixture with any such hydrocarbon, is capable of being used as aforesaid.'

---

*The Governor General has been pleased to give the previous sanction required by section 67(2)(*a*) of the Government of India Act as saved from repeal by paragraph 12 of the Government of India (Commencement and Transitory Provisions) Order, 1936, to the introduction in the Legislative Assembly of this Bill.

STATEMENT OF OBJECTS AND REASONS.

The production in British India of power alcohol is being developed for the purpose of mixing with petrol to provide motor spirit; and by provincial legislation such admixture can be made compulsory.

Power alcohol in its unmixed form, not being a hydrocarbon, does not fall within the definition "Motor spirit" contained in section 2 of the Motor Spirit (Duties) Act, 1917; but when mixed with petrol the mixture falls within that definition and the whole then becomes dutiable as motor spirit.

By the Motor Spirit (Power Alcohol Mixture) (Duties) Order, 1940, the excise duty on the power alcohol content of such mixtures is accordingly leviable only at the mixing plant.

It is considered that the levy of excise duty on power alcohol could more conveniently take place at the source of production, *i.e.*, at the distillery. To enable this to be done this Bill proposes to make power alcohol dutiable independently of petrol by bringing it in its unmixed form within the definition of "Motor spirit".

VII of 1939.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to remedy certain hardships caused by, and certain defects in, the existing provisions of the Indian Income-tax Act, 1922. The provisions of the Bill fall into two main categories. Clauses 3, 4, 11, 12 and 14 are machinery provisions; the remaining clauses are mainly designed to give relief to the tax-payer. The clauses are more fully explained in the notes below.

A. J. RAISMAN.

NEW DELHI:

The 19th October, 1940.

NOTES ON CLAUSES.

Clause 2.—The proposed definition of "company" follows the definition recently enacted by the Legislature in the Excess Profits Tax Act. It differs from the existing definition in the following respects:—

(a) it includes a company formed in pursuance of a law of an Indian State;

(b) it dispenses with the condition that a foreign association in order to be declared a "company" must be carrying on business in British India.

Clause 3.—This amends section 5 which deals with appointments of income-tax authorities. The amendments are designed to set forth more clearly and to supplement the powers of the Department in fixing jurisdictions, to minimise mere procedural difficulties and to prevent overlapping of jurisdictions. Certain of the changes made have been given effect retrospectively from the date on which Part I of the Indian Income-tax (Amendment) Act, 1939, came into force.

Clause 4.—This removes the provisions relating to the Appellate Tribunal from Chapter II which deals with income-tax authorities, and makes a formal correction in sub-section (8) of section 5A.

Clause 5.—This removes a legitimate grievance of property owners. The amendment provides that the allowance for vacancies shall be given on the gross annual value and not on the net annual value.

Clause 6.—The first amendment provides for relief in the case of non-residents with small incomes to whom hardship is caused by deduction of tax at the maximum rate. The amendment will not only give relief to the tax-payer but will relieve the Department of the work involved in dealing with numerous refund claims.

The second amendment provides that deduction of tax at source shall not apply to transactions such as "hedges and straddles" carried on between a resident broker and a non-resident broker. The amendment carries out the intention of the first proviso to section 43.

Clause 7 amends section 23A—a section designed to check avoidance of super-tax. As the section stands, it comes into operation even if 60 per cent. of the company's assessable income after income-tax and super-tax have been paid is distributed. The amendment provides that the requirement shall be a distribution of 60 per cent. of the assessable income *as reduced by the amount of income tax and super-tax payable.*

Clause 8 amends section 28 which gives power to impose penalties. As the section read with section 23 (5) stands, it is not possible to penalise a registered firm since tax is not payable by the firm but by its partners. The amendment remedies this defect and merely puts a registered firm in the same position as other assessees, *e.g.*, Hindu undivided families or unregistered firms.

Clauses 9 and 10 deal with recognised provident funds and are designed to make the provisions governing these funds more liberal and elastic.

Clause 13 remedies a defect in the Schedule which lays down the rules for the computation of the profits of insurance business. Rule 9, as it stands, applies the Schedule to the assessment of profits of an insurance business carried on by a mutual insurance *company.* As mutual insurance business is carried on by persons other than companies, this change is necessary. Without this change, the mutual insurance business of persons other than companies would have to be assessed on their investment income without any allowance for expenditure on management.

Clause 14.—When the Income-tax Appellate Tribunal commences to function, Part II of the Income-tax (Amendment) Act will come into force and the Commissioner's power of hearing appeals (section 32), his power of revision (section 33) and his functions in respect of applications for reference to the High Court will cease unless provision is made to continue them in respect of pending appeals and applications. It is necessary that provision should be made for the disposal of these appeals and applications and also for orders of the High Court under section 66 (*3*) in respect of applications disposed of by the Commissioner. The amendments in this clause are designed for this purpose.

*The Governor General has been pleased to give the previous sanction required by section 67 (2) (*a*) of the Government of India Act, as saved from repeal by paragraph 12 of the Government of India (Commencement and Transitory Provisions) Order, 1936, and the previous sanction required by section 141 (1) of the Government of India Act, 1935, to the introduction in the Legislative Assembly of this Bill.

(2) In making any assessment for the year ending on the 31st day of March, 1941:—

(a) where the total income of an assessee, not being a company, includes any income chargeable under the head "Salaries" or under the head "Interest on Securities", or any income from dividends in respect of which he is deemed under section 49B of the Indian Income-tax Act, 1922, to have paid income-tax imposed in British India, the income-tax payable by the assessee on that part of his total income which consists of such inclusions shall be an amount bearing to the total amount of income-tax payable according to the rates in force before the commencement of this Act on his total income the same proportion as the amount of such inclusions bears to his total income;

(b) where the total income of an assessee, not being a company, includes any income chargeable under the head "Salaries" on which super-tax has been or might have been deducted under the provisions of sub-section (2) of section 18 of the Indian Income-tax Act, 1922, the super-tax payable by the assessee on that portion of his total income which consists of such inclusions shall be an amount bearing to the total amount of super-tax payable according to the rates in force before the commencement of this Act on his total income the same proportion as the amount of such inclusions bears to his total income. XI of 1922.

(3) For the purposes of the proviso to sub-section (2) of section 18 of the Indian Income-tax Act, 1922, the amount by which any deduction made under that sub-section by a person responsible for paying any income chargeable under the head "Salaries" falls short of the deduction which could have been made had the rates imposed by this Act then been in force shall be deemed to be a deficiency arising out of a previous deduction or failure to deduct. XI of 1922.

(4) Notwithstanding that the Income-tax Officer has assessed the total income of an assessee and has determined the sum payable thereon under section 23 of the Indian Income-tax Act, 1922, he may proceed to determine the further sum payable by such assessee by virtue of sub-section (1) of this section, and such further sum shall for the purposes of the Indian Income-tax Act, 1922, be deemed to be a sum determined under section 23 of that Act. XI of 1922. XI of 1922.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to impose a Federal surcharge of 25 per cent. on all taxes on income and to increase the rates of postage of letters and of book, pattern and sample packets so as to provide additional revenue towards the cost of the additional defence expenditure incurred on account of the war.

Respondents.

The humble petition of the said Rai Bahadur Surendra Narayan Sinha, the petitioner abovenamed, most respectfully

Sheweth:

1. That your petitioner was duly nominated a candidate for election to the Bengal Legislative Council by the members of the Bengal Legislative Assembly under the Government of India Act, 1935, held on the 2nd March 1940.

2. That the respondents were the other candidates for election as aforesaid and were nominated for the said election and of whom the first nine were declared as elected.

3. That in the said Bengal Legislative Assembly there are several parties and groups of whom the Coalition Party is the most numerous and is at present the party in power, the other parties being the European Group, the Congress Assembly Party, which is the main opposition party, the Krishak Proja Party and the Independent Scheduled Caste Party and other parties.

4. That for the purposes of the said election the said Coalition Party and the European Group pooled their voting strength together, so that mainly Coalition Party members and one European might be returned.

5. That on the 1st March 1940, the Coalition Party finally decided to note their first six preferences under the system of single transferable votes on the ballot paper in the following order, namely, Sir B. P. Sinha Roy, Sir T. Lamb, Mr. Abdul Quasem Khan Bahadur, Syed Muazzamuddin Hussain, Mr. Hamidul Huq Chowdhuri and Mr. Habibar Rahaman and a mandate was published over the name of the Chief Minister publicly notifying the members in the press on the following morning to record their preferences accordingly. A copy of *Amrita Bazar Patrika*, dated 2nd March 1940, is annexed hereto and marked with the letter "A".

6. That at the said meeting of the Coalition Party it was also decided that lest some members of the party might be inclined to record their preferences differently from the order laid down in the said mandate the Ministers, whips and trusted members of the party would look into and supervise the ballot papers so that there might be no betrayal.

7. That the 2nd March 1940 was fixed as the date of election under the Special Rules for election to fill seats to be filled by persons elected by the members of the Bengal Legislative Assembly. On the said date of the election as aforesaid, the members of the Bengal Legislative Assembly assembled at the Assembly Chamber for the purpose of casting their votes. The said election was to be on the principle of single transferable votes, the members indicating their preferences by marks on the ballot paper.

8. That the said rules provide that the election shall be held by secret ballot to be recorded in a screened place. In contravention of the said rules they were not strictly or in spirit enforced but that the members recorded their preferences in full view of all others without going into any screened place.

9. That in pursuance of the plan set out in paragraphs 5 and 6 the Hon'ble Ministers of the Government of Bengal, particularly the Hon'ble the Chief Minister, the Hon'ble Sir B. P. Singh Roy (himself a candidate) and other trusted members of the Assembly belonging to the Coalition Party and the party whips, namely, Mr. K. Shahabuddin and Nawabzada K. Nasarulla went round among the members while they were recording their votes and used their influences and exercised pressure on the following amongst other members, viz., Khan Bahadur Hashimali Khan, Mr. Abdul Latif Biswas, Mr. Moslem Ali Molla, Mr. Alhadj Gyasuddin Ahmed Chaudhuri and others to record their votes in favour of particular candidates.

10. The members of the Coalition Party took their seats in such an order that the trusted members of the Coalition Party might watch and look into the ballot papers as filled up of such other members of the Coalition Party who might not act according to the party mandate.

11. That the said Hon'ble Ministers and the members of the Assembly got many of the members to record their votes on the ballot papers as dictated by them using inducements and threats and other undue influence.

12. That in spite of protests of certain persons, viz., Mr. J. C. Gupta, M.L.A., and Mr. A. M. A. Zaman, M.L.A., the ballot papers of the Coalition Party members were shown to one or other of the Hon'ble Ministers before the same were put into the ballot box.

13. That your petitioner submits that the said election has been vitiated by the non-observance of the secrecy of ballot and the result of the election has been materially affected by the violation of the rule of secrecy.

14. That after the recording of votes which ended before 1 o'clock in the afternoon, the Returning Officer did not proceed immediately to count the votes and postponed counting without the previous consent of Your Excellency in your discretion to postpone the counting as provided by section 76 of the Bengal Electoral Conduct of Election Rules. The Returning Officer without consent as aforesaid postponed the counting till 2-30 p.m. and in the course of counting twice postponed the same, once at about 5 o'clock in the afternon and again at about 8 p.m. at night, and on both these occasions the ballot papers were kept unsealed in the room where the counting was going on.

15. Your petitioner submits that the proceedings of the said election have been vitiated by non-compliance with the provisions of the Bengal Electoral Conduct of Election Rules, specially of rules 72, 73 and 78 of the said rules, and the result of the election has been materially affcted thereby. Your petitioner craves permission to amend the petition, if necessary, after getting copies of the counting papers for which he has applied.

16. That at the last counting after the elimination of other candidates, there was a tie for one seat between your petitioner and another candidate, viz., Babu Amulyadhone Roy, when as a result of a surplus vote, namely, that of votes recorded in favour of Mr. Birendra Kishore Roy Chowdhury, your petitioner was not elected owing to deficiency of a fraction of a vote.

17. Your petitioner submits that if no undue pressure and undue influence had been exercised by the Hon'ble Ministers and the party whips and if the voting had been a secret one and the counting of votes had been held properly your petitioner would have been duly elected a member of the Bengal Legislative Council at the said election.

18. Your petitioner further submits that as the ballot was not a secret one many members who had promised to record their first preferences in your potitiner's favour could not do so by reason of the openness of the voting and the influence exercised over them by the Hon'ble Ministers and the other members of the Coalition Party. In consequence the result of the election has been materially affected.

19. Your petitioner begs to annex hereto a list marked "B" of instances of corrupt practices and infringement of the election rules.

20. That at the time of polling two ballot papers were issued to the same member and two ballot papers were accepted from one and the same person and the result of the election has been materially affected thereby. The petitioner craves leave to substantiate this allegation on a scrutiny of the ballot papers under the orders of the Commissioners when they are appointed.

21. That your petitioner alleges that in the return of expenses of respondents published up to date true accounts of expenditure incurred in connection with their candidature and election has not been filed.

22. Your petitioner submits that if the orders and rules for the conduct of election had been strictly followed and if no undue influence had been exercised on the members as aforesaid, your petitioner would have been duly returned a member of the Bengal Legislative Council at the election as aforesaid.

23. Your petitioner begs further to attach herewith the challan showing that the requisite security deposit of Rs. 1,000 (one thousand only) under paragraph 29 of the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936, has been made on the 20th April 1940 in the Reserve Bank of India.

Your petitioner, therefore, humbly prays Your Excellency—

(a) for an order appointing a Commission for the hearing of this petition,

(b) for an order declaring invalid the said election of the returned candidates on the basis of the report of the said Commissioners,

(c) for an order varying the result of the said election by declaring that your petitioner has been duly elected on a recounting of votes after the rejection, if necessary, of ballot papers invalidated as aforesaid,

(d) for a declaration that your petitioner has been duly elected one of the members elected at the said election,

(e) for such other order or orders for any other relief as to Your Excellency may seem fit and proper

And your petitioner as in duty bound shall ever pray.

SURENDRA NARAYAN SINHA (RAI BAHADUR).

ANNEXURE A.

[Extract from the *Amrita Bazar Patrika*, dated the 2nd March 1940.]

Bengal Council Election.

Premier's direction to Coalition Party members.

Mr. A. K. Fazlul Huq, Chief Minister and Leader of the Assembly Coalition Party, has issued the following statement:—

Members of the Bengal Legislative Coalition Party (Assembly Section) are requested to cast their votes for the election of members to the Bengal Legislative Council to-day (Saturday) in the following order by putting the figures 1, 2, 3, 4, 5 and 6 against the names of the persons as indicated below:—

(1) Sir Bijoy Prasad Singh Roy, (2) Sir Thomas Lamb, (3) Mr. Abul Quasem, (4) Khan Bahadur Saiyed Muazzamuddin Hossain, (5) Mr. Hamidul Huq Chowdhury and (6) Mr. Habibur Rahman.

ANNEXURE B.

List of instances of corrupt practices.

1. That the following members of the Coalition Party, viz., Maulvi Abdul Razzak, Mr. Abdul Wahab Khan, Maulvi Muhammad Hasanuzzaman and others recorded their votes at the dictation of and in full view and under supervision of and handed over their ballot papers to Mr. K. Shahabuddin, the chief whip of the Coalition Party and the said Mr. Shahabuddin looked into and/or scrutinised those ballot papers and thereafter Mr. Shahabuddin himself put them in the ballot box.

2. That the Hon'ble Chief Minister used his influence and his position unduly by issuing specific instructions on the 1st March 1940 at the time of the party meeting and on the morning of the 2nd March 1940, through newspapers and otherwise to the members of the Coalition Party to vote for particular candidates, viz., the Hon'ble Sir Bijoy Prasad Singh Roy, Sir Thomas Lamb, Mr. Abul Quasem, Khan Bahadur Saiyed Muazzamuddin Hossain, Mr. Hamidul Huq Chowdhury, Mr. Habibar Rahman, one of whom, viz., Sir Thomas Lamb, did not or does not belong to the Coalition Party and the members had to vote for those candidates nominated by the Hon'ble Chief Minister against their wishes and discretion in view of the power, influence and position of the Hon'ble the Chief Minister. The election in the premises was not a free election and the result was materially affected thereby.

3. That one member, namely, Mr. Mafijuddin Choudhury, who after he had recorded his votes on the ballot papers was approached by Mr. S. A. Salim who wanted to see how the said Mr. Mafijuddin Choudhury had recorded his vote, and he refused to show his ballot paper to the said Mr. Salim. Thereafter the said Mr. Salim forcibly took away the ballot paper from the said Mafijuddin Choudhury, looked into the same and returned it to the Returning Officer from whom he obtained a fresh ballot paper and brought it to the said Mr. Mafijuddin Choudhury and forced the said Mr. Mafijuddin Choudhury to record his preferences according to the mandate of the Coalition Party and handed over the ballot paper to Mr. Salim who put the same into the ballot box. That the said procedure was wholly unwarranted and in breach of the election rules.

4. That most of the members of the Coalition Party were persuaded or otherwise induced to show the ballot papers to one or other of the Ministers or the whips or trusted members of the Coalition Party and to record their preferences as desired by him and were thus prevented from using their own discretion and choice. The election was not by secret ballot nor was it a free election.

5. That there was no compliance with the rule to proceed to the place screened from observation where the members could record their votes in accordance with the instructions set out on the back of the ballot paper. The members of the Coalition Party while seated in the Assembly Chamber purported to record their preferences on the ballot papers and in the manner under the circumstances and with the result stated above.

6. That the members of the Coalition Party did not fold up their ballot papers so as to conceal their votes but either passed them on or were made to pass their ballot papers on to one or other of the Ministers or the Coalition Party whips and the said members did not proceed to the ballot box provided and did not themselves put the ballot paper folded up into the ballot box.

7. That the provisions of section 73 of the Bengal Electoral Conduct of Election Rules have not been at all complied with and the results of the election have been materially affected generally and in particular to the detriment of your petitioner.

SURENDRA NARAYAN SINHA (RAI BAHADUR).

Verification of List of Instances.

I, Rai Bahadur Surendra Narayan Sinha, do hereby declare that the statements contained in paragraphs 5, 6 and portion of 7 of the above List of Instances annexed to the above election petition are true to my knowledge and those contained in paragraphs 1, 2, 3 and 4 thereof are based upon information received and believed to be true and those contained in portion of paragraph 7 thereof are my submissions to His Excellency the Governor of Bengal.

Provided that the compound or mixture when subjected to the treatment specified in clause (*iii*) yields to an aqueous solution of hydrochloric acid a quantity of soluble lead compound exceeding, when calculated as lead monoxide, five per cent. of the dry weight of the portion taken for analysis.

(*ii*) In the case of paints and similar products and other mixtures containing oil or fat the "dry weight" means the dry weight of the material remaining after the substance has been thoroughly mixed and treated with suitable solvents to remove oil, fats, varnish or other media, and the treatment referred to in clause (*i*) shall be applied to the material so remaining.

(*iii*) The treatment referred to in clause (*i*) shall be as follows:—

A weighed quantity of the material which has been dried at 100°C and thoroughly mixed shall be continuously shaken for one hour, at the common temperature, with 1,000 times its weight of an aqueous solution of hydrochloric acid containing 0·25 per cent. by weight of hydrogen chloride. This solution shall thereafter be allowed to stand for one hour and then filtered. The lead salt contained in the clear filtrate shall then be precipitated as lead sulphide and weighed as lead sulphate.

(*v*) No person whose special certificate of fitness has been cancelled shall be employed in any of the operations specified in sub-rule (1) unless the certifying surgeon again certifies him to be fit.

(7) Where gas, dust or fume is produced in any of the operations specified in sub-rule (1), provision shall be made for removing the gas, dust or fume by means of an efficient exhaust draught so contrived as to operate on the gas, dust or fume as closely as possible to the point of origin:

Provided that where the provision of an efficient exhaust draught is not reasonably practicable the Inspector may require:—

(a) respirators of a type approved by him to be provided and maintained in a clean and efficient condition by the occupier and worn by every person working under such conditions;

(b) the damping of floors, apparatus and material to prevent the raising of dust.

Explanation.—"Efficient exhaust draught" means localised ventilation effected by heat or mechanical means, for the removal of gas, vapour, dust or fumes so as to prevent them (as far as practicable under the atmospheric conditions usually prevailing) from escaping into the air of any place in which work is carried on. No draught shall be deemed efficient which fails to remove smoke generated at the point where such gas, vapour, fumes or dust originate.

(8) (*i*) The floor of every room, in which any person is employed on any of the operations specified in clauses (*i*) to (*vi*) of sub-rule (1) shall be of smooth cement or other smooth impervious material.

43. Where the Inspector so requires a stretcher for the conveyance of injured persons, shall be provided.

44. (1) No work shall be carried on in any building, room or place which the Provincial Government, having regard to the provisions of Chapter III of the Act, has by notification declared to be unsuitable for the purpose:

Unsuitable premises.

Provided that where the Provincial Government has declared as unsuitable any building, room or place which is in actual use, it may suspend the operation of the notice for such period as it considers reasonable with a view to enabling the occupier to render the building, room or place suitable or to obtain other premises.

(2) Any declaration under sub-rule (1) may be withdrawn by the Provincial Government, if such alterations are made as, in its opinion, render the building, room or place suitable.

45. In any factory in which more than 150 workers are ordinarily employed, the Provincial Government may require that an adequate shelter or shelters shall, before a specified date, be provided for the use of the workers during their periods of rest, and such shelters shall conform to the following standards:—

Exhaust vapour from tea drying machines.

49. If in a factory engaged in the manufacture of tea the discharge into the drying room of exhaust air from a drying machine would raise the temperature of the drying room above that which would otherwise obtain therein, such exhaust air shall not be discharged into any room of the factory other than a withering room but shall be conducted directly to a withering room or to the outer air:

Provided that the Chief Inspector may, on such conditions, if any, as he thinks fit, by an order in writing grant exemption from the provisions of this rule to any factory in respect of which he is satisfied that the temperature of the drying room is, notwithstanding the discharge therein of exhaust air, ordinarily such as to make the provisions of this rule unnecessary.

Chapter VII.

Reporting of Accidents.

Fatal and serious.

50. When there occurs in any factory an accident to any worker which results in (*a*) death, or (*b*) such injury that there is no reasonable prospect that he will be able to resume his employment in the factory within 20 days, such accidents shall be called in all prescribed communications "Fatal" or "Serious" as the case may be, and the manager of the factory shall give notice of the occurrence forthwith by telephone, telegram or special messenger to—

(1) the Inspector notified for this purpose,

(2) the District Magistrate or, if the District Magistrate by order so directs, the Subdivisional Officer,

(3) the Commissioner for Workmen's Compensation appointed under section 20 of the Workmen's Compensation Act, 1923, and

(4) in the case of fatal accidents only, the officer-in-charge of the police station within the local limits of which the factory is located.

Reports by special messenger shall be in Form No. 5 and those sent by telephone or telegram shall be confirmed within 48 hours by a written report in that form.

Minor.

51. When there occurs in any factory an accident to any worker less serious than those described in rule 50 but which prevents or is likely to prevent him from resuming his employment in the factory within 48 hours after the accident occurred, such accident shall be recorded by the manager of the factory and reported by him in Form No. 5 as soon as practicable, but in any case within 72 hours of its occurrence, to the authorities mentioned in clauses (1), (2) and (3) of rule 50. Such accidents shall be called in prescribed communications "Minor accidents."

Supplementary reports.

52. (1) When an accident which has been reported to the Inspector as either "Serious" or "Minor" afterwards proves to be "Fatal", the manager of the factory shall make the necessary correction in a supplementary report which shall be sent forthwith to the authorities mentioned in clauses (1), (2), (3) and (4) of rule 50.

(2) When an accident which has been reported to the Inspector as "Minor" afterwards proves to be "Serious" or when one reported as "Serious" afterwards proves to be "Minor", the manager of the factory shall make the necessary correction in a supplementary report which shall be sent forthwith to the authorities mentioned in clauses (1), (2) and (3) of rule 50.

Site of fatal accident.

53. Where loss of life has immediately resulted from an accident, the place where the accident occurred shall be left as it was immediately after the accident until the expiration of at least three days after the time when the notice required under rule 50 was given, or until the visit to the place by an Inspector, whichever first happens, unless compliance with this rule would tend to increase or continue the danger or would seriously interefere with the manufacturing process.

Explosions, fires and accidents to plant.

54. When there occurs in any factory any explosion, fire, collapse of buildings, or serious accident to the machinery or plant, which might have caused or might cause injury to persons, such occurrence shall be reported by the manager of the factory within five hours of its occurrence to the authorities mentioned in clauses (1), (2) and (3) of rule 50.

Provided however that this rule shall not apply when the difference between the wet bulb temperature as indicated by the hygrometer in the room concerned, and the wet bulb temperature taken with a hygrometer outside in the shade is less than 3·5 degrees.

Restriction on use of steam.

56. No steam shall be used for the purpose of producing artificial humidification in any room of a cotton mill the dry bulb temperature of which exceeds 85 degrees.

Steam pipes.

57. The pipes used for the introduction of steam into the atmosphere of any room of a cotton mill shall, so far as they are within the room, be as small, both in diameter and length, as is reasonably practicable and shall be effectively covered with non-conducting material to the satisfaction of the Inspector so as to minimise the amount of heat thrown off by them into the room.

Provision of hygrometers.

58. (1) In all rooms of a cotton mill wherein artificial humidification is adopted, hygrometers shall be provided and maintained in such positions as are approved by the Inspector. The number of hygrometers shall be regulated according to the following scale:—

(*a*) *Weaving Department.*—One hygrometer for rooms with less than 500 looms, and one additional hygrometer for every 500 or part of 500 looms in excess of 500.

(*b*) *Other Departments.*—One hygrometer for each room of less than 300,000 cubic feet capacity, and one extra hygrometer for each 200,000 cubic feet, or part thereof, in excess of this.

(2) One hygrometer shall be provided and maintained outside each cotton spinning and weaving factory wherein artificial humidification is adopted, in a position approved by the Inspector, for taking hygrometer shade readings.

Exemption from provision of hygrometers.

59. When satisfied that the limits of humidity allowed by the schedule to rule 55 are never exceeded, the Inspector may, by order in writing, grant exemption from the provisions of rule 58 in respect of any room other than a room in the Weaving Department.

Schedule to be posted.

60. A legible copy of the schedule to rule 55 shall be affixed near each hygrometer.

Recording of hygrometer readings.

61. At each hygrometer maintained in accordance with rule 58 correct wet and dry bulb temperatures shall be recorded thrice daily during each working day by competent persons nominated by the manager and approved by the Inspector. The temperatures shall be taken between 7 a.m. and 9 a.m., between 11 a.m. and 2 p.m. (but not in the rest interval), and between 4 p.m. and 5-30 p.m. In exceptional circumstances, such additional readings and between such hours as the Inspector may specify, shall be taken. The temperatures shall be entered in a Humidity Register in Form

No. 6. At the end of each month the persons who have taken the readings shall sign the register and certify the correctness of the entries. The register shall always be available for inspection by the Inspector.

Construction, etc., of hygrometers.

62. (1) Each hygrometer shall comprise two mercurial thermometers, one wet bulb and one dry bulb, of similar construction, and equal in dimensions, scale and divisions of scale. They shall be mounted on a frame with a suitable reservoir containing water.

(2) The wet bulb shall be closely covered with a single layer of muslin, kept wet by means of wick attached to it and dipping into the water in the reservoir. The muslin covering and the wick shall be suitable for the purpose, clean and free from size or grease.

(3) No part of the wet bulb shall be within 3 inches of the dry bulb or less than 1 inch from the surface of the water in the reservoir and the water reservoir shall be below it, on the side of it away from the dry bulb.

(4) The bulb shall be spherical and of suitable dimensions and shall be freely exposed on all sides to the air.

(5) The bores of stems shall be such that the position of the top of the mercury column shall be readily distinguishable from a distance of 2 feet.

(6) Each thermometer shall be graduated so that accurate readings may be taken between 50 and 120 degrees.

(7) Every degree from 50 degrees up to 120 degrees shall be clearly marked by horizontal lines on the stem; each fifth and tenth degree shall be marked by longer marks than the intermediate degrees and the temperature marked opposite each tenth degree, *i.e.*, 50, 60, 70, 80, 90, 100, 110 and 120.

(8) The markings as above shall be accurate, that is to say at no temperature between 50 and 120 degrees shall the indicated reading be in error by more than two-tenths of a degree.

(9) A distinctive number shall be indelibly marked upon each thermometer.

(10) The accuracy of each thermometer shall be certified by the National Physical Laboratory, London, the Mathematical Instruments Office, Calcutta, or such other authority as may be appointed by the Provincial Government, and such certificate shall be attached to the Humidity Register.

Maintenance of hygrometers.

63. Each thermometer shall be maintained at all times during the period of employment in efficient working order, so as to give accurate indications and in particular:—

(a) the wick and the muslin covering of the wet bulb shall be renewed once a week.

(b) the reservoir shall be filled with water which shall be completely renewed once a day. The Chief Inspector may prescribe the use of distilled water or pure rainwater in any particular mill or mills in certain localities; and

(c) no water shall be applied directly to the wick or covering during the period of employment.

Certificate of accuracy of hygrometers.

64. If an Inspector gives notice in writing that a thermometer is inaccurate, it shall be replaced by another of certified accuracy within one month of the date of such notice, unless after examination by the competent authority specified under sub-rule (10) of rule 62, a fresh certificate of accuracy has been obtained within that time, in which case the new certificate shall be attached to the Humidity Register.

Affixing of hygrometers.

65. (1) No hygrometer shall be affixed to a wall, pillar or other surface unless protected therefrom by wood or other non-conducting material at least half an inch in thickness and distant at least one inch from the bulb of each thermometer.

(2) Each hygrometer shall be so mounted that the accuracy of the dry bulb temperature shall not be affected by the proximity of water in the reservoir.

Reading of hygrometers.

66. No readings shall be taken for record on any hygrometer within 15 minutes of the renewal of water in the reservoir.

Factory Inspection Department, Bengal.

FIRST AID

(Rule 42 of the Bengal Factories Rules, 1940.)

TREATMENT OF MINOR INJURIES.

A SCRATCH OR SLIGHT WOUND.

Treat every scratch or slight wound immediately.

Apply the Iodine Solution* over the broken surface once and allow to dry.

Do not attempt to wash the wound at all.

Apply a "Sterilised Dressing".† A bandage can be applied over this dressing if necessary. Do not touch the part of the sterilised dressing which is put next to the wound.

Blood poisoning or septic infection of a wound is caused by introducing germs into it. A sterilised dressing should, therefore, always be used as it is free from germs.

Iodine sterilises the wound and makes any dirt harmless.

Hands are never free from germs, and should never touch the wound or the part of the dressing to be applied to the wound.

A BURN OR SCALD.

Cover the injured part with a dry "Sterilised Burn Dressing."‡

Note.—Ointment or oil, such as carron oil, should not be used for a First Aid Dressing. Carron oil is not sterile. Its use may also interfere with any subsequent treatment by a doctor or in the ambulance room.

Do not prick a blister, except under medical advice; it is no part of the First Aid Treatment.

---

*A 2 per cent. solution of Iodine in Rectified Spirit B.P.

†"Sterilised Dressing." A dressing put up in a separate packet and rendered free from germs by a special process.

‡"Sterilised Burn Dressing." A similar dressing as above prepared specially for burns.

AN ACID BURN.

Flood the burn with cold water.

Sprinkle it (after flooding) with powdered Bicarbonate of Soda.

Apply a "Sterilised Dressing" of suitable size.

Iodine should never be used for Burns or Dermatitis.

EYE INJURIES.

Prevention is better than cure.

Therefore, if your work entails danger to the eyes, wear goggles. Goggles have saved hundreds of eyes; thousands have been lost for want of them.

A Foreign Body in the Eye.

Apply two or three eye drops* to the affected eye-ball.

Cover with an eye-shade.

Go to a doctor at once.

Do not try to remove any particle which cannot be brushed away.

Note.—The treatment recommended should be carried out immediately. The longer the delay the greater the risk of Blood Poisoning.

It is First Aid treatment and is not intended to replace any subsequent treatment which may be necessary by a doctor or in the ambulance room.

---

*Eye drops—

†Cocaine	... ...	0·5 per cent.
Hyd. Perchlor. in castor oil	...	1 in 3,000.

Instructions to chemist for making eye drops:—Weigh 95 grammes of castor oil into a flask capable of holding twice the quantity. Add 0·5 gramme of powdered cocaine. Warm on a water bath till dissolved. While the solution is still warm (but not hot) add one cubic centimetre of a solution containing 3·3 grammes of mercuric chloride, in 100 cubic centimetres of absolute alcohol. Mix the solutions by rotating the flask.

About half an ounce, or 15 c. c., of this solution should be supplied in a bottle from the cork of which a camel-hair brush is pendent in the fluid.

†First Aid boxes as obtained from the suppliers will not contain the eye drops, as a cocaine preparation can only be dispensed under prescription from a registered medical practitioner. It will be necessary, therefore, for the factory manager to obtain a prescription from the Civil Surgeon or other registered medical practitioner, and to purchase the eye drops separately.

*The average daily number should be calculated by dividing the aggregate number of attendances on working days by the number of working days in the year. In reckoning attendances, attendances by temporary as well as permanent employees should be counted, and all employees should be included, whether they are employed directly or under contractors. Attendances on separate shifts (*e.g.*, night and day shifts) should be counted separately. Days on which the factory was closed, for whatever cause, and days on which the manufacturing processes were not carried on should not be treated as working days.

†Enter "one hour," "two half hours," "one half-hour," or "none," as the case may be. If none of these categories applied to all the adult employees, enter the category applicable to the majority of adult employees. Where the majority received an interval exceeding one hour enter "one hour."

Safety.

19. Every hoist or lift, hoist or lift well, and every trap door or similar opening near which any person may have to walk or pass and which is likely to cause danger, shall be securely and adequately fenced. Every fixed vessel, sump, pit, or opening in a floor which by reason of its depth, situation, construction or contents, causes risk of bodily injury, shall either be securely covered or be securely fenced. Every moving part of machinery shall be securely fenced or otherwise safeguarded, unless it is in such a position or of such construction as to be as safe to every person employed or working on the premises, as it would be if securely fenced. Fencing shall be so designed that it is impossible for any person to pass between the fence and the moving part and also in such a manner as to give protection to a person oiling, cleaning or otherwise attending to the machinery. All electrical equipment shall be sufficient in size and power for the work it is called upon to do and shall be constructed, situated, protected, operated, and maintained in such a manner as to cause no risk of bodily injury.

20. All fencing and other safeguards shall be maintained in an efficient state and shall be properly fixed in a position whilst the machinery is in use.

No driving belt when not in use shall be allowed to rest or ride upon a revolving shaft. Every person who goes to remove, replace or otherwise attend to a driving belt, or to oil, attend to, or work in proximity to exposed parts of moving machinery, or to attend to moving parts of machinery for the purpose of repair, examination, cleaning, lubricating or altering the gearing or arrangements, or to work at a height near moving machinery, shall wear tight trousers and shall not wear any loose clothing. A dhoti wrapped round the body in any manner shall be deemed to be loose clothing. Every ladder used in removing, replacing or otherwise attending to driving belts, and in the oiling and attending to overhead shafting, shall be provided with hooks or an effective non-skid device.

25. No woman or child shall be allowed to clean or oil any part of machinery whilst that part is in motion under power, or to work between moving parts or between fixed and moving parts of any machinery which is in motion under power.

26. No woman or child shall be employed in any part of a factory for pressing cotton in which a cotton opener is at work unless the feed end of the cotton opener is in a separate room from the delivery end or is partitioned off to the satisfaction of the Inspector.

27. Adequate means shall be provided for subduing outbreaks of fire and for escape in case of fire.

28. Any explosion, fire, collapse of buildings or serious accident to the machinery or plant, which might have caused or might cause injury to persons, shall be reported by the manager of the factory within five hours of its occurrence.

Accidents and First-Aid.

29. When there occurs in any factory an accident to any worker which results in (*a*) death or (*b*) such injury that there is no reasonable prospect that he will be able to resume his employment in the factory within

20 days, such accidents shall be called in all prescribed communications "Fatal" or "Serious" as the case may be, and the manager of the factory shall give notice of the occurrence forthwith either by telephone, or telegram or special messenger to—

(1) the Inspector notified for this purpose,

(2) the District Magistrate or if the District Magistrate by order so directs, the Subdivisional Officer,

(3) the Commissioner for Workmen's Compensation appointed under section 20 of the Workmen's Compensation Act, 1923, and

(4) in the case of fatal accidents only, the officer-in-charge of the police-station within the local limits of which the factory is located.

Reports by special messenger shall be in the form No. 5 and those sent by telephone or telegram shall be confirmed within 48 hours by a written report in that form.

When there occurs in any factory an accident to any worker less serious than those described above, but which prevents or is likely to prevent him from resuming his employment in the factory within 48 hours, such accident shall be recorded by the manager or occupier and reported by him on the prescribed Form No. 5 as soon as practicable, but in any case within 72 hours of its occurrence, to the Inspector, the District Magistrate or the Subdivisional Officer, as the case may be, and the Commissioner of Workmen's Compensation. Such accidents shall be called in prescribed communications "Minor accidents."

30. (1) When an accident which has been reported to the Inspector as "Serious" or "Minor" afterwards proves to be "Fatal", the manager shall make the necessary correction in a supplementary report which shall be sent forthwith to the Inspector, the District Magistrate or the Subdivisional Officer, as the case may be, the Commissioner of Workmen's Compensation and the officer-in-charge of the local police-station.

(2) When an accident which has been reported to the Inspector as "Minor" afterwards proves to be "Serious", or when one reported as "Serious" afterwards proves to be "Minor", the manager shall make the necessary correction in a supplementary report which shall be sent forthwith to the Inspector, the District Magistrate or the Subdivisional Officer, as the case may be, and the Commissioner of Workmen's Compensation.

31. Where loss of life has immediately resulted from an accident the place where the accident occurred shall be left as it was immediately after the accident, until the expiration of at least three days after the sending of the notice of the accident, or until the visit to the place by an Inspector, whichever first happens, unless compliance with this rule would tend to increase or continue the danger or would seriously impede the carrying on of business at the factory.

32. First-aid boxes:—

(1) In every factory there shall be provided and maintained so as to be readily accessible a first-aid box or cupboard of the prescribed standard and, where more than one hundred and fifty workers are employed, an additional box or cupboard for every additional one hundred and fifty workers.

The number of first-aid boxes or cupboards required shall be calculated on the largest number of workers employed at any one time, and fractions of one hundred and fifty shall be reckoned as one hundred and fifty. Where workers are employed in shifts, the calculation of the number employed shall be according to the largest number at work at any one time.

(2) Nothing except appliances or requisites for first-aid shall be kept in a first-aid box or cupboard.

(3) Each first-aid box or cupboard shall be distinctively marked with the words "First-aid" in bold white lettering on a red ground.

(4) Each first-aid box or cupboard shall be placed under the charge of a responsible person who shall always be readily available during working hours. A notice shall be affixed in every workroom stating the name of the person in charge of the first-aid box or cupboard provided in respect of that room.

Provided that if a hospital, ambulance room or dispensary is provided at the factory and such arrangements are made as to ensure the immediate treatment there of all injuries occurring in the factory, the Chief Inspector may by certificate exempt the factory from the requirements of this paragraph to such extent and subject to such conditions as he may specify in the certificate.

Sanitation, Ventilation and Lighting.

33. Every factory shall be kept in a clean and sanitary state and free from effluvia arising from any privy, drain or other nuisance.

34. Every factory shall be provided with suitable latrine and urinal accommodation in accordance with the prescribed scale. Separate accommodation shall be provided for females. All latrines, urinals, etc., shall be kept in a clean and sanitary state.

35. In every factory, there shall be provided for each worker employed at one time in any room a breathing space of at least 500 cubic feet. For the purpose of this calculation, no height above 15 feet from the floor of such room shall be taken into consideration.

36. Every part of every factory where workers are employed shall be adequately ventilated. Where gas, dust or other impurity is generated in the course of work, adequate measures shall be taken to prevent injury to the health of workers.

37. Every factory and part thereof shall be adequately and sufficiently lighted during all working hours.

38. There shall be provided and maintained at suitable points conveniently accessible to all workers a supply of water fit for drinking. The quantity supplied daily shall consist of at least as many gallons as there are workers. The supply of drinking water, if not laid on, shall be contained in suitable vessels and shall be renewed at least daily. All practicable steps shall be taken to preserve the water and vessels from contamination. Any open well or reservoir from which drinking water is derived shall be so situated and protected as not to be liable to pollution by organic matter or other impurities.
